Workforce Preparation

- Digital Literacy Resources

Download the following PDF for a full listing of i-Pathways Scope and Sequence.

Scope & Sequence

i-Pathways Guide To Digital Literacy

This is a collection of resources to assist you in developing technology skills that can be applied in the workplace or in the classroom. The i-Pathways Guide to Digital Literacy will provide you with helpful tips in the areas of keyboarding, navigating and understanding the Internet, finding employment resources, developing skills in word processing, spreadsheets, and presentation software.

View Resources

Life Skills

The Life Skills curriculum provides an overview of skills students need to develop in order to be workplace ready. These skills include conflict management, work preparedness, and math in the workplace.

View Content

Workforce Preparation

- Contextualized Instruction with real-life examples
